

EXPANDING YOUR WORLD OF INVESTMENT OPPORTUNITIES

Guardian Asset Management does it again! We have added more options to our Series of Mutual Funds. With the addition of three new Funds, you are given the added variety that you need, as well as the diversification that is essential for better asset allocation.

We are pleased to announce that effective January 1st, 2008, we will be offering our clients an expanded world of investment opportunities. We have added to our Caribbean Series of Mutual Funds the Emerging Markets Bond Fund, and to our International Series we have added the New Economy Equity Fund and the Global Bond Fund.

● The Emerging Markets Bond Fund

The investment objective of the Fund is to maximize your total return, consisting of a combination of interest income and capital appreciation. The Fund will invest at least 80% of its assets in a range of investment grade and non-investment grade fixed income securities of issuers in emerging markets including cash, bonds, debentures, notes or similar instruments representing indebtedness, that have a remaining term to maturity of more than one year.

Emerging market countries include but are not limited to countries in the Caribbean, South America, Central America, Asia-Pacific Rim and Emerging Europe.

● The New Economy Equity Fund

This Fund's objective is to provide you with long-term growth of capital by investing 80% of the Fund's assets in shares of companies involved in the new global economy. Companies in the new global economy include but are not limited to, those involved in the fields of telecommunications, computer systems and software, the internet, broadcasting and publishing, energy, health care, bio-technology, advertising, leisure, tourism, financial services, distribution and transportation, environment, recycling, new energy and instrumentation.

● The Global Bond Fund

The investment objective of this Fund is to maximize your total return, consisting of a combination interest income and capital appreciation by investing at least 80% of the Fund's assets in fixed income securities worldwide including cash, bonds, debentures, notes or similar instruments representing indebtedness, that have a remaining term of maturity of more than one year.

No need to shop around anymore, Guardian Asset Management has everything you need under one umbrella.
