

GUARDIAN ASSET MANAGEMENT partners with The South Energy Chamber of Industry and Commerce

Guardian Asset Management was pleased to partner with the South Energy Chamber of Industry and Commerce by hosting a seminar for its members on October 19, 2011 at Cara Suites Hotel and Conference Centre.

The theme of the seminar was "An Investment Perspective", which was presented by Ian Narine, General Manager and Narisa Hosein – Assistant Vice President - Investments of Guardian Asset Management Ltd.

During their address, Mr. Narine and Ms. Hosein shared their insight on the future outlook of global financial markets, an analysis of the 2011-2012 national budget and a look at investment risks and mitigating such risks.

With fears over a double dip recession in the United States, an impending sovereign debt crisis in Europe and Trinidad and Tobago's drive to attract more foreign direct investment, the meeting was indeed topical and well received by members of the audience.

Building relationships with our communities is an essential part of Guardian Asset Management's business philosophy. Being able to encourage and promote the importance of investing is a major focus of the organization.
